

MISSION

Primm ABC Child Care Center & PreSchool is a non-profit organization which has been in operation since 1970.

Our purpose is to provide comprehensive child care services for children and to connect with their families.

With respect for the families & diversity, our guiding philosophy is one of love and respect for the rights and needs of each other and is one in which the needs of the children must always come first.

Discipline is based on positive reinforcement and redirecting by the adult and modeling acceptable behavior.
